**[ADVICE RE-ITERATION] Payment of PIT at States Level**

Some members have been asking for guidance on the matter of payment of PIT at States level as State Governments are yet to be fully constituted.

As per the MHADM Undersecretary's guidance, members should continue making payments into the accounts of the former 32 states while the 10 states are setting themselves up, with the exception where the newly appointed Governors or Administrator of the Administrative Areas formally communicate to agencies the new accounts for the State or the Administrative Area when they are opened.

In all cases, members should ensure that they receive official receipts for all PIT payments.

With thanks,

Pius Ojara, PhD

Director, South Sudan NGO Forum
