TO WHOM IT MAY CONCERN

Production and Processing Fees of 5,500 SSP only for Work Permit

Reference is made to the aforementioned subject. Due to the increasing market prices of goods and commodities, the production and processing units of the work permits have repeatedly reported about challenges in getting cartridges and special papers for work permits.

In view of the above, the office of the Registrar after consultation with the leadership decided to request partners to facilitate the process of real time production by contributing Five Thousand Five Hundred South Sudanese Pounds (5,500 SSP) only per each form.

Thanks in anticipation for your usual support and cooperation.

Dominic Michael Genge
Registrar General of NGOs
Relief and Rehabilitation Commission
Juba, South Sudan
