CHAIRPERSON'S OFFICE

RE: IMPLEMENTATION OF NGOs TRAINING, MONITORING AND EVALUATION POLICY FEES

Reference to RSS/RRC/HQRS/J/DGPTR/36/-15 dated, 7th of April 2022, and further reference to Jonglei State RRC civil servants meeting number one dated, 7th of June 2022. As well as confirmation by state RRC board meeting resolution number two dated, 29th of August 2022 and the final confirmation seconded by RRC chairperson with the State Government dated, 7th of September 2022 that approved the operationalization of this policy.

With this policy in place, we are requesting all the partners that will be conducting training to be paying 100 USD per each training. This will facilitate RRC at the county level to buy stationaries, fuel, water and furniture and it will also help them to support partners during their monitoring of the activities at the County level.

The payment should always be done before the start of the training and issued with receipt for transparency and accountability.

Your usual cooperation is highly expected.

Kind regards.

Hon. Michael Mading Akueth
